Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.There has of late years been a tendency, as a result of the teachings of certain historical authorities, to minimize the influence of the leadership of the so-called Great Men, and to question the importance of their work as a factor in shaping the history of the time. Great events are referred to as brought about by such general influences as the spirit of the time (Goethe's Zeitgeist), the movement of humanity, or forces of society. If we accepted the theories of the writers of this school, we should be forced to the conclusion that generations of men move across the world's stage impelled by forces entirely outside of themselves; and that as far as the opportunity of individual action is concerned, that is for action initiated and completed under his own will-power, man might almost as well be a squirrel working in a revolving cage. The squirrel imagines that he moves the cylinder, but the outsider knows that the movement is predetermined, and that there is no change of position and no net result from the exertion.
