Allusions to this subject in its various phases have been frequent in previous issues of this magazine. There will be many more, for it is the cement which binds the varying activities of the com pany into a compact whole, having as its object the success and prosperity of the company. In one of Bernhardt s performances of Fedora the thunders of approval, which followed a tremendous climax and artistic triumph of the actress, were changed to ripples of laughter as the gaze of the audience was directed from the stage to the corner of a balcony. At that point were two one-armed men enthusiastically striving to prolong the applause by clapping their remaining hands together. Without co-operation they were not factors in the expression of the pent up feelings shared by them with the rest of the audience; with it they were able to give vent to their own artistic appreciation. This was an application of the principle to the fullest degree; and there is no such thing as half hearted or occasional co-operation. We have said that the best co-operation rendered by a department is in taking care of its own...
